Theme: You Will Run And Run And Run, Looking For Food And All The Other Things You Won't Be Able To Afford, Because Man Has Refused To Listen To God's Heavenly Messages, And That's Why You Have To Quickly Take Action All Of You And Pick What You Can Pick Now When There Is Time...

Message

In the name of the Father, and of the Son and of the Holy Ghost, Amen. †

Our Lady has asked me to look up (in the sky), and to keep on looking up. And as we are looking up, to realize that we are going to run everywhere. You will run and run and run, because man has refused to listen to God's heavenly messages and we are doing what we want. And for that reason you are going to run all over and when you will be looking for food and all the other things you won't be able to afford; and also many of the things that you wish to have, they will not all be there, the majority would have been taken, and many will go and find nothing at the many super-markets and all over, and that's why you have to quickly take action all of you and pick what you can pick now when there is time.

And what you are seeing happening between Russia and Ukraine, unless a lot of prayers are said, it's going to spread all over the world. And when this is going to happen, what you are seeing happening will also happen in your country and you will run short of many things, because when they are fighting you won't be able to get the things that you have been getting from overseas, and when you look at your countries there is no rain because of the sins and the evils that man has continued to commit, including all of you who are here; because when you are told, you think heaven is talking to other people but not you, and with this one you have to be very careful; it will be even worse, worse for you who are hearing this message and many other messages that have been given to you, because you will be held responsible for every message you have heard. And above all, you have received so many messages which you have

locked them in the house because they are not meant for you alone. They are meant for the whole world, to save those who will be given the grace and take it.

And the Marians still are divided. There is a lot of pretense and it is very difficult for all of you to know who is who, and what is happening and why things are the way they are. From the time I started talking to you, Rose Petal was very young and able to go all over, running with you, and doing many things with you. Now she is different because she has to take her mission of suffering for the forgiveness of sins and the salvation of many souls that have hardened their hearts.

Our Lady is calling you “My children”, I have made everything known to you, but you do not seem to understand, and if you understand then you are playing around with fire, that will burn you and a lot of suffering and a lot tears; when the great events which are just here they are going to explode and take effect.

My children I am suffering as your Mother, because the love I have for you is so great than you imagine, and the love I have given My child Rose Petal, is so great it's above the love for mankind, which you are abusing now and then, My children of light, with only a few, very small number that is listening to Me.

My children of light, let light be light, because you cannot mix light and darkness, neither can you mix water and oil, you are to be what you are supposed to be. And if you cannot listen to My child Rose Petal, neither can you listen to Me, neither can you listen to the Holy Trinity, God the Father, the Son and the Holy Ghost. Because We are not going to come the way you want for Us to talk to everyone, this is not going to be so. And let those who have ears hear today, that you are living on the last days of your lives. The war at hand is a big sign, because they are fighting each other, and you are going to fight each other all the countries of the world, because that's what the devil wants; for peace and love and unity not to be there, you become enemies.

The greatest commandment you have been given by God is love, of God and one another. But this has not been happening, the more We talk to you, the more you go far away from Us.

For those who have **continued to support this mission, I wish to bless you** for everything and to promise you eternal life. But continue, be steadfast, do not be called today, or tomorrow, and you continue so. If you are called then go follow My footsteps and those of My Divine Son Jesus.

Rose Petal is an instrument, its I , its God who gives and its God who takes, We use her for that, but you do not understand, you do not return love, instead once you have everything you need

most of you, they leave the mission, and go away, far away. Do you realize that God is everywhere? I am also everywhere.

The time of great suffering is on, and you are going to be meant to pay for everything that you have done to frustrate this mission, and to frustrate My child Rose Petal. My children of light, I can see your hearts, and you are doing all these things, when you are within the chastisements, and you don't have much time. All that has been said and given to you is going to take place within a flash of time. And this is the time you will run all over, crying bitter tears, but you will be paying and suffering for your own shortcoming and hardness of your hearts.

My children, I have spoken plainly. It's a sin of pride, if you cannot obey Me, as your Mother, Mary ever Virgin, the Immaculate Conception, then whom are you going to obey and to listen to.

If there is no improvement, I don't want service by lips. I want a service through good action, and commitment to this mission. God has blessed you My children, God has blessed you, so that in turn you can support the mission. The work which is at hand, it needs a lot of money. And the work has just started; there is a lot of things, which you are going to do.

My children of Light, I have come today, to ask for a lot of prayers. And you should be full of charity, and love to each other and above all, do everything for the love of God.

Amen, I tell it to you, that those who are not going to do anything waiting to come, you will not be able to reach to this community. I will use Angels and Saints to tie you wherever you are so that you can face the great suffering, the great tribulations, since you do not want to participate. I have been sieving, I have been sieving, sieving souls, and those who have remained outside, you are outside, you are not getting in, neither are you getting out, you are doing nothing, you will be thrown away and forgotten forever.

Things are not very good My children, I see tears flowing through your cheeks, I see you dying out of hunger, I see you suffering, suffering which you have never seen since the creation of this world. And I ask all My children of Light, instead of fighting each other, disuniting, you better fight your common enemy, and that is satan, who does not want you to be united. He wants to take many souls with him, and he will only get those who will give themselves to him. God did not create any one of you to go to hell, but the way you are behaving you will end up losing your sit (in heaven). I love you and I am praying for all of you, I am talking to you in your hearts. Sometimes you hear and act; sometimes you resist My voice, and the voice of Angels and Saints, and the voice of The Holy Trinity in your hearts. Even you refuse to listen to God the Holy Ghost, who is the Soul of your Soul.

This is a Holy Ground. This is a ground where you all should be happy, and be one in spirit, as your Heavenly Father is one. Be loving, love one another as God loves you. **Love the mission, because this is the mission of God** and do everything possible to save your soul and to save other souls that God has entrusted to each one of you.

My children, I want everybody who is coming here, as from today, **to be self-sufficient**. And if you cannot do that, then don't come here. And those who come with nothing, let them remain with their nothing at their homes, the time will come when you will realize what you have refused to do, you will cry bitter tears, but I will not be there with you to console you, because you are free to serve God, or you are free to serve the devil, whoever you chose, but My prayer is for you to serve God and to choose God, now, always and all the days of your lives.

And you are not praying hard enough, the Holy Hours you have been given, you must organize in such a way that no Holy Hour should go without prayers, because I come with My Divine Son Jesus, the Holy Trinity, Angels and Saints, and We don't see anybody, some of the Holy Hours. Organize yourselves to prepare everything during the other hours, and not during the Holy hours. This is not a house (Mother House), like your house. This is a community within the Holy Land. The Angels and Saints are praying day and night, you should do the same. And when you pray mean what you pray, let it come from your hearts. Let it be a melody of songs to the Holy Trinity. Don't pray as if you are angry, and if you are, do not open your mouth because you destroy the prayers.

First you are to repent, to reform, confess your sins, and then go back to God with contrite hearts. This is a place of prayer. The work I have given to you here is a gift from heaven. There are many Children of Light who would wish to be what you are today, but they have not been given that chance, it's a golden chance full of graces and blessings. My Child Rose Petal, happens to be the **Mother of this community** and **the Seer for this community** and **for all My children of Light here and all over the world and especially in Africa**.

I love you My children, those who are here and those who are not there, but you have continued to harden your hearts. No man with blood and flesh will block this mission no matter who they are, because they should follow My footsteps and those of My Divine Son Jesus.

And all the children who are calling My Child Rose Petal over the phone with all their problems, I say , if they have any problems or anything to tell My child Rose Petal, they should come in person, these telephone calls are becoming too much. And people have continued to take advantage, they won't be received by My child Rose Petal, unless I allow her herself to call them, because they have abused these telephone conversations. And they hide in these telephone conversations, they want help, and they don't want to help in this mission of **Mine**.

I love you My children, and I bless you, with graces from the Triune God, for you to be strengthened, to be given the grace of discernment and the grace to understand My child Rose Petal and to stop carrying her as a personal being. And My child can be in more than two places at once, at the same time. That's why when you try sometimes to talk to her, she does not reply or act, because she is elsewhere, she is not with you.

Because a divided kingdom cannot stand; and if people are divided in heart, that's why you are having so many problems, God has decided. And God is not going to decide again, He has chosen individually not collectively, each one has a function.

I love you My children of Light, let light be light, let darkness come out of your hearts. The greatest among you must be a slave to all, in other words must be ready to work for others, to help others and this mission, so that your reward will be great in heaven. God loves humble hearts; God loves charitable hearts. Whatever you do to each other for God, you do it for God and your reward will be great in heaven. Amen

I love you and I bless you, in the Name of the Father and of the Son and of the Holy Ghost, Amen. †

Prepare very well with everything possible, within the shortest time, otherwise you are going to be found with nothing, as you are now approaching the great warning to open up to all the other chastisements to take place. Amen.

I love you and I bless you, in the Name of the Father and of the Son and of the Holy Ghost. Amen. †

Special blessing to My child , you will never want anything on this world, that God will not bless you, although you will have crosses to carry, but you have been given blessing for your generosity and your commitment to this mission. I love you and I bless you, in a special way, and pray hard, so that the evil one does not come between you and this mission. You are always in My prayers, and My child Rose Petal prays for you very much, plus all the other children who are here every day, every minute of her life, plus all the others who are also committed in helping this mission, and who have sacrificed themselves to help this mission. Amen.

Special blessing from the Triune God, God the Father, God the Son and God the Holy Ghost, come upon you and also to all those who are here, and all those who are working here, and all who are doing anything in this community. Amen.

In the Name of the Father and of the Son and of the Holy Ghost, Amen. †

Continue My children with the work and prayers, because the salvation of many souls depends on this community, depends on My Child Rose Petal and the team that I have given to her, Amen. †

I bless the community, in the Name of the Father and of the Son and of the Holy Ghost, Amen. †

In the Name of the Father and of the Son and of the Holy Ghost, Amen. †

The church of My Divine Son Jesus is about to divide, and you are waiting for great persecution and a lot of bloodshed, prepare this chapel for Me and My Divine Son Jesus, for the Holy Trinity, where We shall be able hide some children in the chapel and try to build the community where you will be able to keep all these children.

There are going to be so many, and I am even afraid, I do not know how you are going to keep them, because you have doubted My messages and you have not believed when My Child Rose Petal has told you that there will be so many people, that you will not be able to accommodate them.

In the Name of the Father and of the Son and of the Holy Ghost, Amen. †

This message has been given, I know it is long, I know I have talked for long, but there is no time, I have waited, waited, waited. But those people who come here, their hearts are not with Me, many of them are not with My Divine Son Jesus. Because up to now, how many years have I been talking, how many years have I been giving instructions. And this has not happened, I keep on repeating, repeating, repeating Myself. In heaven We don't work like this, and this saddens My Immaculate Heart and the Most Sacred Heart of My Divine Son Jesus.

If you have to go to heaven, all of you, you must humble yourselves; you must repent and go for confession for all your sins. You must live with each other as brothers and sisters, the children of One God and One Mother. If you cannot achieve this, then you are not worth of My calling and the calling of the Almighty God.

And those children who I have continued to correct them, that they should not step in this place, if they are witches, they use witchcraft, they have witchcraft in their bodies and they come here to pretend, I have told them not to come again, because next time I shall identify them in-front of My children, and I will let them go. And it will be very difficult for them to be converted because they have refused all this time to repent and to come back to God. I don't want to mix water and oil, that when We are praying, others are destroying. When you are praying others...wanafunga hata hiyo maombi yenu...because they are only praying with their lips, but they are far away from God, so long as they cannot obey God and keep the TEN commandments of God and the sacraments.

Nothing unclean will ever enter into heaven.

Nothing unclean will enter into heaven.

I repeat the third time...nothing unclean will enter into heaven.

God is PURE, His HOLY, His OMNIPOTENCE, and you should not play with God, you should not cheat, come here to cheat God, to destroy this mission with your witchcraft...uchawi...other many religions, you bring here, and you are carrying the devil in you to come and destroy the mission. Such people are not invited, if for all this time they have not converted, let them be so, and let them be where they want to be, and they should not come here. Because this time, We are going to act, those who are in heaven, some of you will die instantly. And when you die like that you won't go to heaven, I will remove you, even if it means by force. I do not want a mixture of spirits in this mission. **It's My mission, I am the one leading My child Rose Petal, and this has been given to Me by the Eternal Father, God the Father, the Son and the Holy Ghost.** This is not a mockery place; and that's why your prayers when you are here, you do not pray well. When you are praying, others are praying their "gods", they are praying their witchcraft, everything else, and My child Rose Petal knows you by your names. Others, you are immoral. When God gives you a chance, grab it. There are TEN Commandments, they are supposed to be kept, not for you to choose which one to keep and which one not to follow.

It's the time for you to **repent sincerely**, and see the love of God, see how much I love you My children and come here with contrite hearts.

Amen
